Work Experience

Back-end Developer
Drummond Advisors
November 2020 - current / Remote, Brazil
- Leaded two internal projects: a project management application using Zoho Creator (internal) and a customer portal using Next.js (external).
- Build ERP integrations through the development of serverless APIs (Firebase) triggered by third-party applications.
- Helped teams to enhance productivity through process automation using JavaScript-based frameworks.

Startup Acceleration Alumni
CROKI (Startup)
March 2020 to August 2020 / Federal District, Brazil
- Developed an MVP of a mobile app where people could design housing plans and see them in virtual reality.
- Participated in the Founder Institute Acceleration Program (Pre-Seed Accelerator). Pivoted the solution to an ERP for architects and engineers.

Structural Engineer
Engineering Tech Associates, PA
September 2018 to August 2019 / Raleigh NC, USA
- Designed +200 structural plans of residential and commercial buildings (Wood and Steel framing).
- Performed site inspections and reports to ensure code compliance and resolve construction problems (retaining walls, footings, and framing).

General Manager
FISK Language Center (Family Business)
December 2016 to April 2018 / Federal District, Brazil
- Ensured customer experience by addressing customer concerns, demonstrating empathy, and resolving problems on the spot.
- Restructured the business to achieve a 3x revenue growth and position its sale to a local competitor.
